

TCM Forklift Part

TCM Forklift Parts - In the global industry of material handling, lift trucks play a major role for transporting industrial goods. First innovated as industrial vehicles in the 1930s in America, lift trucks gained recognition following WWII in the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these machinery spread internationally.

In nineteen forty nine, started by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was recognized. Currently the business is simply referred to as TCM Corporation. Throughout the years, TCM lift trucks have become a worldwide leader in lift truck manufacturing and have built a solid reputation with the trade. TCM started building lift truck manufacturing locations outside of Japan in the 1980s and is presently engaged in forklift manufacturer at three foreign factories in Europe, China and the United States.

TCM proudly manufactures several models of industrial forklifts with over 50 years of accumulated expertise and technology, making their products used and recognized all over the globe. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and intends to become a world-class leading company.
